DETAILED ACTION

1. This action is in response to applicant's amendment filed on March 22, 2005. **Claims 1 and 4** are now pending in the present application.
2. A duplicate office action was erroneously sent on March 28th, 2005. This Office Action is a duplicate of the first office action which was mailed on December 28th 2004. This duplicate office action has been vacated and no reply is needed to that Office Action.

Drawings

3. The drawings were received on July 30, 2004, October 21, 2004 and March 22, 2005. These drawings are acceptable. Please submit formal drawings for all corrected drawings.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David G. Henry on April 15, 2005.

The application has been amended as follows:

In claim 1, line 7, after "recipient" insert --or recipients--

In claim 4, line 17, change "audibly-cognizable" to--audible-perceptible --

Reason for Allowance

5. The following is an examiner's statement of reasons for allowance: the application is allowable for the reasons set forth on page 4 of the Applicant's response filed on March 22, 2005

Art Unit: 2645

and the reasons for allowance stated in the non-final office action mailed on December 28th, 2004, which is hereby incorporated by reference.

6. As noted therein, the claimed invention requires *inter alia* the inclusion with each data file of parameters relating to intended recipients, data to be presented, associated options to be presented, and system responses to selected options; and that the transmitting entity-defined hierarchy of presentations to recipients is defined with each data file itself whereas the closest prior art Zirngibl teaches separate configurations of the data processing system itself to act upon certain data structures, but it does not teach or suggest the hierarchical presentations of the data to recipient as being a function of specific hierarchical parameters of each data file itself.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

7. Claims 1 and 4 have been renumbered to claims 1 and 2 respectively.
